		<b>TENSIL-1536 Condenser, Reflux</b>									
		Compact high efficiency reflux condenser employs a double wall thimble shape bulb sealed into the outer jacket. Serrated hose connections for water connection extend through the outer bulb and have an OD of 10mm at the middle serration. While the overall height of this condenser is only 210mm, it has the efficiency of a standard 400mm Liebig condenser.
