Advertisement for Postdoctoral Fellows (PDFs) / Research Associate – I, II & III

Advt. No.: NISER/SBS/2023-24/04

Opening Date: 29.08.2023

Closing Date: 18.09.2023

Applications are invited from the Indian Citizens for a position of Post Doctoral Fellow (PDF) / Research Associate I, II, III under DAE Plan Project RIN-4002-SBS-Basic Research in Biological Sciences for Dr. Rudresh Acharya's "Macromolecular crystallography and protein design" in the School of Biological Sciences, at National Institute of Science Education and Research, Bhubaneswar.

Sl. No.	Position	Essential Qualification / Eligibility Criteria	Monthly Fellowship	Other Benefits

Laboratory outline: We are interested in protein design and engineering for specific small molecule binding. This will elucidate the principles for molecular recognition and aid in crafting beneficial novel functions for green chemistry and industrial applications. We employ a computational approach for rational protein design and design of peptides, use solid phase for peptide synthesis, and chromatography for purification. We validate the design through X-ray crystallography, biophysical and biochemical methods. (Lab homepage: <https://www.niser.ac.in/~rudresh.acharya>)

Desirable qualification / experience: We seek a highly motivated candidate with research experience in fields related to Organic-Chemistry, Biophysics or Computational biology. Candidates with expertise in solid phase peptide synthesis and purification, protein purification, crystallization, and spectroscopic techniques are encouraged to apply.

General Information:

The position is purely temporary and coterminous with project duration. Initially the appointment will be made for less than a year time which may be extended depending upon the project requirement. Interested candidates need to send their application in the prescribed form (given at Page No.2-3) through email only to rudresh.acharya@niser.ac.in with a copy to cpsbs@niser.ac.in. The application should have the documents (a) Scanned copy of the filled-in form with signature of the applicant (b) Scanned copies of the certificates in support of educational qualifications and work experience (c) A covering letter that mentions the specific research area outlined above they would like to be considered in. (d) A detailed academic CV, list of publications and names of two academic referees. (e) A statement of research interests.

Incomplete applications, applications without signature of the candidate, applications without supporting documents as stated above and the applications received after the closing date will not be considered. Only the shortlisted candidates may be called for the test / Interview / Seminar Presentation either through online or offline mode.

No TA/DA will be paid to the candidate called for appearing in the test / interview / Seminar Presentation or for joining the position if selected.
