CLARIFICATION

Some students have written to academic office asking for clarification on Point Nos. 4 & 5 of the Notification No. NISER/ACAD/OO/2018-19/796 dated 16/01/2019. It is here by clarified that:

- The Point Nos. 4 & 5 are related to Point No. 3 of the said notification, which is applicable for students who have been allotted a major stream with only one backlog in a science subject of first year courses.
- Such a student is required to register for the regular 3rd/4th semester courses specified by the school corresponding to the allotted major stream.
- Such a student is required to register and clear the first year backlog course in science subject and the first year HSS backlog courses (if any) during the subsequent summer semester. Failure to accomplish this entails termination of the Integrated M.Sc. Programme of the student.

(अधिसूचना)/NOTIFICATION

Sub. Change of Rules on termination and Stream allocation for 1st yr Students regarding.

Consequent upon the decision of the Academic Council in its meeting dtd. 29th May, 2018, the following points regarding termination & stream allocation have been decided.

1. Students are strongly advised not to take semester leave when enrolled in the 1st semester. However, under exceptional circumstances semester leave request received by the academic section will be decided on case to case basis.
2. Students having backlogs after the end semester of 1st year are mandated to register for the summer semester. In such cases, maximum credits allowed for registration shall be upto 12 credits. The students having backlogs in the 1st year are strictly prohibited from undertaking "summer internship" within or outside the institute.
3. If a student has backlog in utmost one of the science subjects, the student may be allotted a stream in a discipline where he/she has no credit backlog. However, the allotment of the stream is subject to agreement by the prospective School. If the student is not allotted a stream, he/she can register for core and/or elective courses from HSS in 2nd year.
4. In the eventuality of student having backlogs exceeding 12 credits (maximum credits allowed to be registered in summer semester) a student can register for such course(s) in subsequent summer (at the end of 2nd year).
5. It is emphasized and mandated that student registered in the 5 year Integrated M.Sc. program should clear all backlogs pertaining to first year, by the end of 2nd year summer and before registering in the 3rd year. Failure to accomplish this entails termination from the program.

This is in addition to the criteria mentioned under UG Rule 9.3 for termination from the programme.
